Wabi Sabi Eye

An American Zen Vision of

Time, Change, and Beauty

The work created for these exhibitions is intended to stimulate a meaningful dialog concerning global issues through a combination of traditional and new media. Each exhibit presents a compelling, coherent, and creative response to broad societal and global problems—not just an individual artist's subjective representation.

I founded CreativeLedge five years ago with the purpose of promoting a more innovative, open, and humane society through interdisciplinary collaborations.

Each exhibition includes a complete package of prints, wall text, videos, exhibition catalogs, and a workshop or lecture by a member of the CreativeLedge creative staff.

For additional information, available dates, questions or comments, please contact Bob Barancik at bobcreates@earthlink.net. Thank you for your consideration of these exceptional exhibition opportunities.

With best regards,
